PULSE+ PREGEL V-6000™

PulsePlus™ Pregel V-6000™ is a fine powder made from the natural starch content of milled and dehulled pulses. Pregel V-6000 has undergone a unique pre-gelatinization process making it instantly viscous in cold water, providing easy binding, thickening and other useful properties in formulated foods.

- Instant Thickening
- Binding Properties
- High Water Absorption
- Smooth Mouthfeel
- Cold Viscosity Development
- Modified Starch Replacement
